Central Bank of Bangladesh

**Shitangshu Kumar Sur Chowdhury**  
Deputy Governor of Bangladesh Bank

## Message

Like many other countries in the world, note counterfeiters are also active in Bangladesh. Public awareness on the security features of genuine Banknotes is considered as the most effective tools for thwarting the malicious activities of the note counterfeiters. Bangladesh Bank is continuously publicizing such public awareness advertisement through electronic and print media. Scheduled banks are displaying the audio visual of genuine banknote's security features before their customers with regard to the instruction of Bangladesh Bank. District Information Offices are also showing this audio visual in the important public places at times. Seminars, workshops are being organized all over the country to make people capable of identifying genuine notes. Law enforcing agencies are also playing important role in this respect.

Now International Institute of Currency Technology (IICT) has come forward to organize a seminar for the visually impaired people to help them to detect the genuine banknotes which is really appreciating. I firmly believe that this seminar would definitely add a new dimension to the movement of clamping down note counterfeiters.

I wish a great success of this seminar.

**Shitangshu Kumar Sur Chowdhury**  
Deputy Governor
